#### **About this Financial Report**

The Foley Financial Services Division is pleased to present the City of Foley's Popular Annual Financial Report (PAFR). The purpose of the PAFR is to present a user friendly summary of the City's financial operations. It is designed to make the City's finances easier to understand and to communicate to citizens where dollars come from and how they are spent.

Information in the PAFR is taken from the City's Annual Comprehensive Financial Report (ACFR) that is prepared in conformance with Generally Accepted Accounting Principles (GAAP) and includes financial statements. The GAAP basis of presentation in the ACFR includes the City's component units and individual funds, as well as the notes to the financial statements that disclose all financial and non-financial material events. Unlike the ACFR, the PAFR excludes component units in order to focus on the primary government.

The ACFR, PAFR and the City's most recent budget (FY2025) can be found at the web address below. Questions about any of the reports or requests for additional financial information should be addressed to the City of Foley, Attn: Finance Director, P.O. Box 1750, Foley, Alabama, 36536.

#### **Government Finance Officers Association Awards**

## Certificate of Achievement of Excellence in Financial Reporting

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (valid for one year only) to the City of Foley, Alabama, for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2023. This was the eleventh consecutive year that the City achieved this prestigious award.

#### **Distinguished Budget Presentation Award**

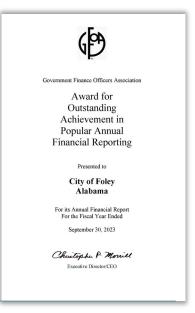

The Government Finance Officers Association (GFOA) awarded a Distinguished Budget Presentation Award (valid for one year only) to the City of Foley, Alabama, for its fiscal year 2025 budget. This was the sixth year that the city achieved this prestigious award.

#### **Popular Annual Financial Report**

The Government Finance Officers Association (GFOA) has given an award for Outstanding Achievement in Popular Financial Reporting for the fiscal year ended September 30, 2023. This was the fifth year that the City achieved this prestigious award.

We believe the current report conforms to the Popular Annual Financial Report requirements, and we are submitting it to the GFOA.

GFOA's Triple Crown recognizes governments that have received GFOA's Certificate of Achievement for Excellence in Financial Reporting, Popular Annual Financial Reporting Award, and the Distinguished Budget Presentation Award. The City has received the Triple Crown for 5 consecutive years.

#### **Our Community**

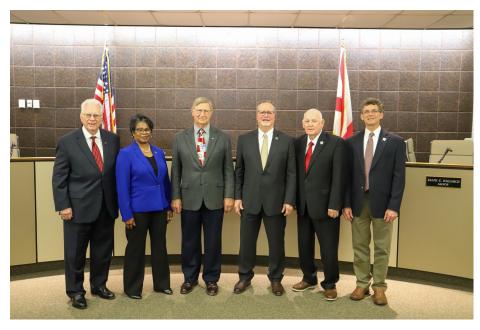

Our community was named for its founder, Chicago businessman John B. Foley, who in 1901 purchased between 40,000 and 50,000 acres of land in the area and sold it through the Magnolia Land Company. He persuaded the Louisville and Nashville Railroad to run a spur to the area by promising to pay for the crossties needed for the line. By 1905, the town was large enough to warrant a post office, and it incorporated in 1915. Foley was primarily a farming community served by the L & N Railroad via a depot and warehouse for farm products, notably potatoes. The current Depot serves as a museum and was constructed in 1909 to replace the original 1905 depot that was destroyed by fire.

Our city government operates under a strong councilweak mayor form of government. The council is presided over by a president who is chosen by the council members and is also a voting member of the council. The council votes on municipal ordinances to set rules, laws or statutes and resolutions to establish policies or order that a specific action be taken. The mayor is not a voting member of the council, although all ordinances and resolutions are subject to the mayor's veto power, which can then be overridden by a two-thirds vote of the council.

Services provided to residents and businesses include general administration, sales and other local tax police and fire protection, building collection, inspections, licenses and permits, emergency preparedness and response, refuse collection, construction and maintenance of highways, streets and related infrastructure, recreational and leisure activities and cultural enrichment, and a general aviation airport. City employees currently service an estimated population of 29,224 over a thirty-four square mile radius.

#### **Local Economy**

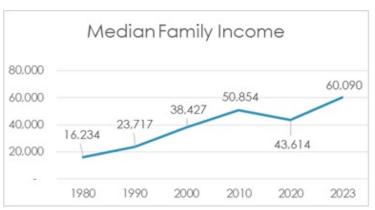

As a City in southern Baldwin County, our close proximity to beautiful white sandy beaches means that tourism plays an important role in our economy. According to the Alabama Department of Tourism's 2023 Economic Impact Report, Baldwin County's estimated 8.4 million visitors represented 29.1% of all visitors to the State. In addition, travel-related spending totaled \$7.9 billion, while total travel-related direct and indirect earnings of \$2.8 billion represented 36% of the statewide total. Baldwin County's total direct and indirect travel related employment of 65,454 represented 26.7% of all Alabama travel related employment.

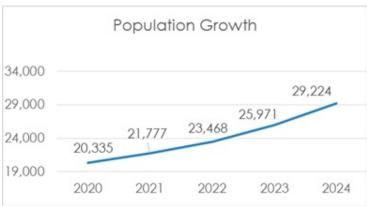

In additional to the tourism and retail industries, other major employment opportunities for residents include health care and manufacturing jobs.

#### **General Financial Information**

Most City services and projects are accounted for in a category referred to as Governmental Funds. Governmental Funds are typically used to account for tax supported governmental activities and are divided into four categories.

General Fund
accounts for revenues
and expenditures
associated with the
general operations of
the City that are not
required to be
accounted for in
separate funds.

Capital Project Funds
account for acquiring
and/or constructing
facilities, roads,
drainage systems and
other major capital
improvements.

Special Revenue Funds
account for proceeds
of specific revenue
sources that are
restricted, committed,
or assigned for specific
purposes.

Debt Service Funds
account for the
accumulation of
resources to be used
for payment of
principal and interest
on general long-term
debt.

#### **Propriety Fund—Sanitation**

In 2022, the City created a Proprietary Fund to account for all income and cost for the collection of both residential and commercial sanitation. This type of fund is considered a self-supporting fund, in that the charges billed are enough to cover the costs for the services provided.

This fund recognized an increase in Net Position of \$747,993. This fund aligns the purchase of large capital items such as garbage and recycle trucks with the projected available cash.

Fiscal year 2024 budget included a \$967k purchase of 2 new automatic loading garbage trucks and a knuckle boom loader. Fiscal year's 2025 budget includes almost \$545k in equipment purchases.

The Balance Sheet presents information about the assets, liabilities, deferred inflows and fund balance. Assets are what the City has, owns or amounts owed to the City. Liabilities are what the City owes or any debt they are legally required to pay. Deferred inflows are assets that will be recognized in future periods, such as lease receivables that will be received in future years.

A positive fund balance reflects the solvency or health of the City's finances. For fiscal year ended September 30, 2024, the City's fund balance for all Governmental Funds totaled approximately \$91.8 million, a decrease of approximately \$2.6 million from the prior year. This is a strong fund balance and well above the minimum levels set by the council.

The City had an increase in Sales and Use tax by approximately \$1.8 million as a result of inflation and several business that opened during the year. The City recorded nearly \$2.5 million in investment income on cash held at various financial institutions. The City increased our investment into the community by nearly doubling our road, recreation and public safety projects.

#### **Fund Balance**

Assets	9/30/2024
Cash & Investments	88,796,935
Receivables	14,649,208
Inventories & Prepaid Items	322,997

Unearned Revenues	93,060
Total Liabilities	\$ 11,057,182
Deferred inflows	884,078
Total Fund Balance	\$ 91,827,880

The City's fund balance is broken into five categories: nonspendable, restricted, committed, assigned, and unassigned.

<u>Nonspendable funds</u> represent items such as inventories and prepaid items.

<u>Restricted funds</u> can only be used for specific purposes because of City Code, state or federal law, or conditions by grantors or creditors.

<u>Committed funds</u> can only be used for specific purposes determined by an ordinance of the City Council.

<u>Assigned funds</u> can only be used for purposes constrained by City Council.

<u>Unassigned fund balance</u> represents the residual amount of the balances that do not fall in any of the categories above.

#### Where the Money Comes From

The City uses money from taxes (property, sales, lodging, etc.) and fees (licenses, permits, etc.) to pay for governmental activities. Certain governmental activities (nature parks, recreational activities, etc.) require a fee or charge for the service.

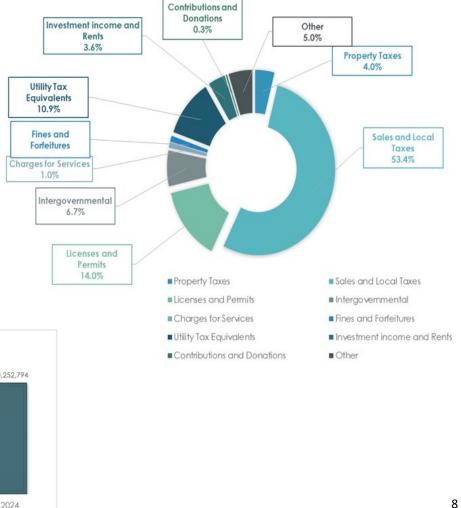

The majority of money comes from sales & local taxes, utility tax equivalents, and licenses & permits. In 2024, the total revenue for Governmental Funds was approximately \$85 million which was an increase from 2023. The increase was related to increased in license and permit fees, increases in grants and increases in interest income.

Sales and local taxes are the City's sources of unrestricted primary revenue. Fiscal year 2024 sales and local taxes increased approximately \$1.1 million as a result of inflation and new business. License and permits increased by approximately \$3.4 million or 40%. The City received approximately \$5.7 million in grants which funded just over \$4.3 million in capital projects, \$168 thousand in Federal Emergency Management Agency "FEMA" reimbursements for Hurricane Sally costs, and \$1.2 million in operational grants.

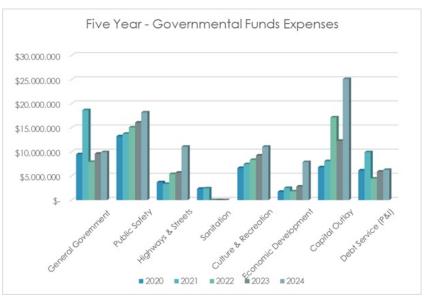

#### **FY 2024 GOVERNMENTAL FUNDS REVENUES**

#### Where the Money Goes

The City of Foley provides a multitude of services for residents, businesses and visitors through its public safety, culture & recreation, economic development, and highways & streets functions of government.

In 2024, the largest parts of the expenses were used for capital projects. The City invested \$25 million in projects which included road improvements, improvements to various parks and recreation facilities, and land purchases. The second largest investment was in public safety for \$18 million. Total expenditures were \$89.5 million, an increase of nearly \$27.9 million from 2023. This increase was primarily related to the increase in projects.

#### **Understanding the City's Debt & Bond Rating**

The following is a summary of the City's outstanding debt as of September 30, 2024. There was a total net reduction in debt of \$2,904,954.

2024 Total Outstanding Debt		
General Obligation Bonds	\$ 51,204,775	74.5%
Installment Purchases	1,796,496	2.6%
Special Revenue Bonds	13,176,013	19.2%
Lease Liabilities	380,963	0.6%
Subscription Liabilities	2,183,464	3.2%
Total Outstanding Debt	\$ 68,741,711	

The City currently maintains a Standard and Poor's rating of AA- and a Moody's Investors rating of Aa3. Rating agencies evaluate the economic well-being of an area from information such as the median income, how dependent the community is on certain employers or industries, the diversity of the tax base, the rate of population growth, stability of revenue, and outstanding debt. It is the goal of management to raise the City's rating by forecasting multiple year revenue and expense, and paying down debt. Higher ratings allow the City to issue debt with lower interest rates, which reduces the total interest paid on bond issues.
