LETTER OF TRANSMITTAL

February 10, 2025

The Honorable Ralph G. Hellmich, Mayor Members of the City Council Citizens of the City of Foley, Alabama

The Annual Comprehensive Financial Report of the City of Foley, Alabama (the City), for the fiscal year ended September 30, 2024, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with management. A comprehensive framework of internal control has been established and is updated and maintained in a manner that offers assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the City, on a government-wide and fund basis. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

As required by State law, an annual audit of the City's financial statements is conducted in accordance with established standards. Warren Averett, LLC, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City's financial statements for the year ended September 30, 2024. The independent auditors' report is located at the beginning of the financial section of this report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditors' Report. The statistical section located near the end of this report provides historical financial and demographic information.

Profile of the City

The City of Foley, Alabama, was founded in 1901 and incorporated in 1915 under the Constitution and laws of the State of Alabama. Foley is located in Baldwin County in the southernmost part of the state, just 8 miles north of the Gulf of Mexico. It currently services an estimated population of 29,224 and occupies approximately 35.2 square miles. The City operates under a strong council-weak mayor form of government. The five-member council is presided over by a president who is chosen by the council members and also is a voting member of the council. All ordinances and resolutions are subject to the veto power of the mayor although the mayor's veto can be overridden by a two-thirds vote of the council.

The City provides a full range of services including general administration, police and fire protection, building inspections, licenses and permits, emergency preparedness and response, refuse collection, construction and maintenance of highways, streets and related infrastructure, recreational and leisure activities and cultural enrichment. The City evaluated various other entities within the vicinity of the City which could possibly be subject to inclusion within its financial statements under criteria established to define the reporting entity and its component units. In the Financial Section, Notes to the Financial

Statements, Note A.1. discusses these entities and why they are either included or excluded from the City's financial reporting.

Budgetary Control

The annual budget serves as the City's guide to financial planning and control. Departmental Directors submit their budget requests to Finance and a draft budget for each fund is prepared for review by the Mayor and City Administrator. On or before September first of each year, the Mayor submits proposed budgets to the City Council for consideration and the budgets are legally adopted by resolution prior to October first. Budgetary control is maintained at the departmental level and budgeted dollars may not be exceeded without Council approval in the following categories; personnel, capital equipment, and the sum of all remaining operational expenditures. Departmental Directors present capital purchase and new personnel requests to the Mayor and/or City Council prior to beginning the requisition or hiring process. Requests are approved, denied or deferred based on current economic conditions. With the exception of capital project appropriations that generally span multiple years, budgets for all funds lapse at the end of each fiscal year.

Multi-year planning documents for capital projects are presented for informational purposes with the annual budget; however, only the remaining budgets for projects approved and in progress are carried forward to the new fiscal year. To provide control over changing financial conditions, new capital projects may not commence until the City Council, by formal action, approves the project and appropriates funding.

Local Economy

Because of Foley's close proximity to Alabama's beautiful white sandy beaches, tourism plays an important role in the City's economy. According to the director of the Alabama Tourism Department, Alabama saw record numbers of tourist to Alabama beaches, campgrounds, state parks and hotels in 2023 and saw a 4.8% increase over the previous year. The department's calendar year 2023 Economic Impact Report showed that Baldwin County's estimated 8.4 million visitors, an increase of 73 thousand from the previous year, represented 29.1 percent of all visitors to the State. Travelers spent approximately \$7.9 billion in Baldwin County, an increase of approximately \$48 million from 2022, while total travel-related earnings (both direct and indirect) an increase of approximately \$48 million to \$2.8 billion and represented 36 percent of the statewide total. The County's total (direct and indirect) travel-related employment of 65,454 represented 26.66 percent of all Alabama travel-related employment.

Other major employment opportunities include health care, manufacturing, hospitality and entertainment. South Baldwin Regional Medical Center (SBRMC) is a 112-bed facility that offers inpatient, outpatient, emergency, diagnostic and surgical care. The Alabama State Health Planning and Development Agency approved a certificate of need that allowed SBRMC to move ahead with a \$186 million dollar project to expand and modernize the hospital and construction which completed during fiscal year 2024. There are numerous physician and medical related service and equipment provider offices located near SBRMC's facility in north Foley. Collins Aerospace is one of the world's leading providers of aerospace systems and services for large commercial aircraft. Other major manufacturing plants include Ascend Performance Materials, the world's largest fully integrated producer of nylon 6,6 resin, and Vulcan, Inc. with a 32-acre campus consisting of five integrated manufacturing facilities.

OWA, the City's main tourist attraction and a major employer, consist of an outdoor amusement park, a 100,000 square-foot indoor water park as well as an outdoor waterpark. Employers such as these account for the City's 2.9 percent unemployment rate which is lower than the nation's 4.1 percent average. During this year, OWA opened a 190-lot luxury RV resort which features pickle ball courts, pool and clubhouse.

Foley is the retail hub of the county anchored by Tanger mall and a number of national and regional retailers and restaurants, all of which greatly enhances the City's sales tax proceeds which financial supports our city operations and initiatives.

The general fund accounts for the day-to-day activity of the government and includes all activity not assigned to special purpose funds. The City has a permanent sales tax rate of three percent. The lodging tax rate is seven percent and is primarily influenced by tourism. The highest expenditures for services occurred in public safety as city leaders strive to provide its citizens with a safe living environment. The second highest expenditures occurred in general government which provides support services to other departments and proprietary funds of the city.

S&P Global Ratings maintained its AA- long-term rating on other GO debt outstanding, its A+ long-term rating on the series 2013 lease purchase certificates of participation, and its A+ long-term rating and underlying rating (SPUR) on the Public Facilities Cooperative District's series 2009 and 2016 revenue bonds that are supported by the City. Moody's Investors Services maintained its Aa3 rating on the GO debt stating that the City's healthy credit position matched the nationwide median of other Aa3 cities.

Long-term financial planning and major initiatives

Management prepares and maintains various long term capital expenditure planning documents with the most recent report beginning on page 111 of the fiscal year 2025 annual budget which is published on the City's website (www.cityoffoley.org) under the Financial Services Division. A schedule of construction work in-progress that shows projects completed and projects under construction at the end of the current fiscal year can be found just before the Statistical Section of this report.

The cost of funding these plans is incorporated into a ten-year cash flow analysis to determine the amount of unrestricted fund balance above the established minimum goal that is available for funding future capital expenditures and to identify possible future financing needs. Fund balance and the minimum unrestricted fund balance goal of the General Fund are continually reviewed to ensure the provision of stable service delivery, meet future needs, and endure periods of economic stress. Refer to the Financial Section, Notes to the Financial Statements, Note A.11. for additional information on fund balance.

Major Initiatives

In September 2024, the City Council adopted the Foley Strategic Plan. The strategic plan reflects the needs and aspirations of our residents and developed through community surveys, public forums, and interviews.

This five-year strategic plan includes five key priority areas:

- Livable Community
- Economic Development
- Community Safety
- Culture, Arts, and Recreational Experiences
- Organizational Excellence

Each priority area—as well as their associated goals and objectives—are critical to ensuring that Foley remains a livable, enjoyable place. This plan intends to preserve what is special about our community while meeting the needs of both current and future residents.

Our Vision - Foley's historic charm will be preserved and serve as our foundation as we create exceptional services, facilities, and infrastructure - through a forward-thinking leadership mindset for our diverse community.

Our Mission - The City of Foley is dedicated to serving our residents and visitors with integrity by providing innovative and fiscally responsible services that promote safety, friendliness, and stability while helping to ensure a thriving community.

Below is list of major projects with activity this year:

- Completion of nearly \$2.1 million in city wide drainage and infrastructure improvements.
- Purchase of several pieces of land totaling nearly \$2.5 million.
- Purchase of a custom fire truck totaling nearly \$668 thousand.
- Impact fees are being used to construction pickle ball courts and sand volley ball at the end of the fiscal year
- Construction of a new public works, sanitation and engineering complex is underway and expected to be completed during fiscal year 2025. This complex is expected to cost approximately \$17.5 million.

Relevant financial policies

The City of Foley strives to maintain an up-to-date set of comprehensive financial policies. New Governmental Accounting Standards Board (GASB) pronouncements are closely analyzed to determine any impact to the City's financial reporting requirements and proactive steps are taken to ensure implementation guidelines are followed and deadlines are met. Refer to Note A.13. in the Financial Section for a summary of pending pronouncements and their effective dates.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits and that the valuation of the costs and benefits requires estimates and judgments by management. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. Management will continue to implement policies and procedures that improve and strengthen internal controls as needed.

Awards and acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Foley, Alabama, for its annual comprehensive financial report for the fiscal year ended September 30, 2023, This was the eleventh consecutive year that the government achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only.

We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility. The City received the Distinguished Budget Award for fiscal year 2024 and the Award for Outstanding Achievement in Popular Annual Financial Reporting for fiscal year 2023. The city has received all three awards for the last six years, also known as GFOA's Triple Crown.

The preparation of this report would not have been possible without the expertise and commitment of the staff of the Financial Services Division, as well as all City Departments who practice fiscal responsibility and collect and maintain financial and historical statistical information throughout the year. We would like to express our appreciation to all City staff that assisted and contributed to the preparation of this report. As public servants, we are fortunate to be led by a supportive and innovative Mayor and City Council who strive to maintain the highest standards of accountability and transparency through financial reporting.

Respectfully submitted,

Michael Thompson

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council City of Foley, Alabama

Report on the Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Foley, Alabama (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relation to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exits.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and schedules related to pension and other postemployment healthcare benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining financial statements, individual fund budgetary comparison schedules, schedule of construction in progress, and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Basic Financial Statements

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As management of the City of Foley, Alabama (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the letter of transmittal.

Financial Highlights

- The City's assets and deferred outflows exceeded its liabilities and deferred inflows (net position) by \$224,721,228, an increase of \$17,943,979 from the prior year. A detailed explanation of the City's net position can be found in Table 1 of the Management's Discussion and Analysis (MD&A).
- The Statement of Activities shows the Primary Government received taxes and other revenue of \$93,060,436 and had expenses of \$75,116,457.
- The Statement of Revenues, Expenditures and Changes in Fund Balance shows the General fund operating revenues exceeded operating expenditures by \$16,888,788.
- As shown in Table 3, the City's governmental funds reported a combined ending fund balance of \$91,827,880, a decrease in fund balance of \$2,673,199 from the prior year.
- Table 3 also shows the General Fund closed with a fund balance of \$69,315,201 reflecting a decrease of \$303,456 for the year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to that of a private-sector business, and typically consolidate governmental and business-type activities into two columns which, added together, provide the total for the primary government entity.

The statement of net position presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities such as police, fire, sanitation, recreation and general administration) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, economic development, and culture and recreation and the business-type activity is a farmers' and fishermen's market and the new residential and commercial sanitation fund. The government-wide financial statements can be found immediately following this discussion and analysis.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental fund information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, the Capital Projects Fund, and the USDA Relending Program Fund which are considered to be major funds. All other governmental type funds are considered "nonmajor" and are combined into a single, aggregated presentation column on the basic financial statement. Individual fund data for each of these non-major governmental funds can be found in the form of combining and individual fund statements and schedules elsewhere in this report.

Proprietary Funds. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City of Foley maintains a type of proprietary fund known as an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for the Sanitation Fund which is an enterprise fund that accounts for all revenue and expenses related to providing both residential and commercial sanitation services. Blended component units are legally separate entities and are discussed further in Note A.1. The Reporting Entity.

Notes to the Financial Statements. The notes to the financial statements are an integral part of the financial statements. They provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents a budgetary comparison schedule for the General Fund as required supplementary information. This comparison presents the originally approved budget, final budget and actual, giving the reader a quick view of revisions and amendments versus actual activity. The budgetary highlights are discussed in more detail later in the MD&A as well as in the Transmittal Letter.

Other Supplementary Information. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information.

Government-wide Overall Financial Analysis

As noted earlier, over time net position may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$224,721,228 at the close of the fiscal year.

TABLE 1 SUMMARY OF STATEMENT OF NET POSITION As of September 30

* 2023 net position was reclassified.

By far the largest component of the City's net position is its investment in capital assets (e.g., land, buildings, machinery and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate the liabilities.

A portion of the City's net position is comprised of resources that are subject to external restrictions on how they may be used. The remaining unrestricted balance may be used to meet the government's ongoing obligations to citizens and creditors. The City's overall net position increased \$17,943,979 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

TABLE 2CHANGES IN NET POSITIONFor the years ended September 30

* 2023 franchise fees was reclassified to charges for services.

Governmental Activities. Governmental activities for the current year increased the City's net position by \$17,195,986. Key elements of this change are as follows:

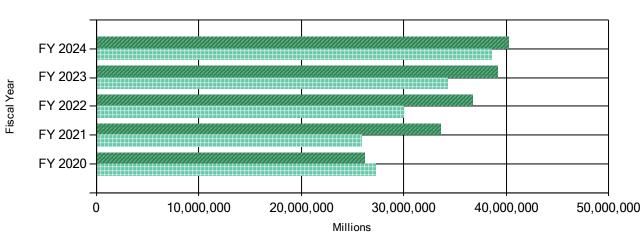

- Charges for services increased by approximately \$4,370,000, or 23% as a result of increased building permits and impact fees collected.
- Sales and use tax increased by approximately \$1,810,000, or 2.7 percent.
- Investment income increased by approximately \$904,000, or 53 percent. The finance division moved funds around to capitalize on higher interest rates.
- Operational grants and contributions increased by approximately \$3,750,000. The city has a large resurfacing project and we have secured several grants to assist with this project. The city does not capitalize resurfacing projects.

Business-Type Activities. Business type activities increased the City's net position by \$747,993. These excess operating revenues are used to purchase capital assets in future years.

Governmental revenues as a percentage of total:

Sales and use tax represent the City's primary source of unrestricted revenue.

Actual Budget

Financial Analysis of Governmental Funds

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting focuses on accountability rather than profitability and funds are segregated into categories in accordance with laws and regulations or specific limitations.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance represents a government's residual net resources (amount in excess of nonspendable, restricted, committed and assigned) and provides a useful measure of a government's net resources available for spending.

The following two tables present summary information about the City's fund balances:

TABLE 3CHANGE IN FUND BALANCESFor the Year ended September 30, 2024

	Beginning Fund			Increase]	Ending Fund
Fund	Balance			(Decrease)	Balance

Committed		-	-	-	1,062,743		1,062,743
Assigned	34	3,423	-	-	-		343,423
Unassigned	68,00	1,787	(1,110,120)	-	-		66,891,667
Total Fund Balance	\$ 69,31	5,201 \$	(1,110,120)	\$ 12,010,013	\$ 11,612,786	\$	91,827,880

As of September 30th, the City's governmental funds reported combined fund balances of \$91,827,880, a decrease of \$2,673,199 in comparison with the prior year. Of this total, \$66,891,667 represents unassigned fund balance which is available for spending at the City's discretion. The remainder of fund balance is either nonspendable (not in spendable form), restricted (legally required to be maintained intact), committed (committed for particular purposes), or assigned (assigned for particular purposes). Refer to Note A.11. for additional information on fund balance classifications and constraints.

The General Fund, the chief operating fund of the City, closed with a decrease in fund balance of \$303,456. Actual General Fund operations resulted in \$16,888,788 in excess revenue remaining after expenditures. Transfers from other funds generated an additional \$9,171,552, and transfers to other funds of \$28,030,139 were made to service debt, to fund capital improvements, and to help fund operations of other funds. There was \$1,314,709 in SBITA financing agreements, \$184,249 in lease financing agreements, and \$167,385 generated from the sale of capital assets. The net results of all operations resulted in an ending fund balance of \$69,315,201.

The Capital Projects fund experienced a decrease of \$647,575 in fund balance. Expenditures totaling \$26,642,621 consisted of capital asset additions and construction work in progress of \$19,986,599, required maintenance to infrastructure of \$6,252,441, maintenance of culture and recreation assets of \$392,889 and \$10,692 in other cost. Grants and contributions totaling \$4,314,801 were recognized and cash transfers from the General Fund of \$21,680,245 to fund the remaining expenditures were received.

The USDA Relending Program was established this fiscal year to account for all transactions from the issuance of USDA General Obligation Warrants. Debt Service expenditures totaling \$1,264,286 consisted of \$644,030 in principal, \$620,256, investment income of \$7,609 was received on the unused bond proceeds and cash transfers from the General Fund of \$1,264,285 were received to fund the debt service payments. There was \$4,908,015 of bond proceeds transferred to the General Fund for eligible project costs.

Other Funds realized an aggregate fund balance increase of \$3,178,239. An increase of \$3,676,464 occurred in the new Impact Fee Fund as a result of fees that were collected but not used as of year end. An increase of \$247,547 occurred in the State Gas Tax Fund as a result of the annual transfer to the General Fund not occurring. There were slight increases in the Jail Corrections Fund, the PASFCD Fund, and the PCEFCD Fund of \$25,699, \$18,456, and \$1,040, respectively. A decrease of \$263,614 occurred in the Fire AdValorem Fund as a result of a new fire truck arriving. The PFCD realized an decrease of \$467,748 as a result of user fees that were collected in prior years that were paid out to the developer during this fiscal year. The Public Library fund experienced a decrease of \$34,141 and the Recreation experienced a decrease of \$6,337 as a result of both funds closing this fiscal year. The Court Corrections Fund, the Event Center Operations and the Multi-Use Fields Operations Fund experiences slight decreased of \$13,404, \$702 and \$864, respectively. An increase of \$7,709 occurred in the Energy Conservation Bonds Series 2013 Fund and an increase of \$225,267 occurred in the 2021 GO Warrant Fund. A decrease of \$192,023 occurred in the 2014 GO Warrant Fund as a result of the bond issue being fully reitred. The 2015 GO Warrant Fund and 2019 GO Warrant Fund all realized slight decreases of \$24,948 and \$20,162, respectively.

General Fund Budgetary Highlights

Original budget compared to final budget. The original budget for General Fund revenues had a significant increase of \$3,200,203 for an amended budget of \$66,918,790 due to moving the activity from the Recreation Activities Fund and the Library Fund, state reimbursement and insurance proceeds related to Hurricane Sally, and the recognition of grants awarded during the year. Actual revenues of \$72,037,232 were over the final budget by \$5,118,442. The positive variance categories totaled \$5,700,964 and are attributed primarily to Property and Advalorem taxes, Sales and other local taxes, and Investment income and rents. Operating transfers in were originally budgeted at \$14,461,788, were increased \$1,378,500, and closed \$6,668,736 under the amended budget as a result of the transfer of bond proceeds for certain eligible projects not occurring before year end. Sale of capital assets were originally budgeted at \$50,000, were increased by \$57,550 and closed \$59,835 over the amended budget.

The final budgeted expenditures of \$58,052,438 represent a significant increase of \$8,859,995 over the original budget of \$49,192,443 as a result of increases to Economic Development Grants, increase of expenditures related to grants, and additional capital purchases approved during the year. Actual results of \$55,148,444 closed \$2,903,994 under the final budget amount for the following reasons:

- Personnel cost closed under budget by \$2,164,079.
- Operational closed under budget by \$1,432,951.
- Capital, Principal, and Interest closed over budget by \$528,931, \$129,548, and \$34,557, respectively. This is as a result of the of GASB 96 subscription payments that were budgeted as operational cost but recognized as a SBITA.

Budgeted transfers out had an increase of \$26,642 and closed \$21,316,985 under budget as a result of capital projects moving slower than expected.

Detailed information on the General Fund Budget can be found in the Required Supplementary Information section of this report.

Capital Assets and Debt Administration

Capital Assets. Capital assets net of depreciation at September 30, 2024, totaled \$212,423,876 for governmental activities and \$2,856,250 for business-type activities. Major capital asset events during the current fiscal year included the following:

- Capital machinery and equipment additions totaling \$2,105,740 in the Governmental Funds and \$967,609 in the Business Type Funds.
- Addition in right to use assets for SBITAs and leases totaling approximately \$1,500,000.
- Purchase of multiple parcels of land for approximately \$2,500,000.
- Completion of land acquisition and improvements for Nature Parks totaling approximately \$6,100,000
- Completion of a justice center security improvements totaling \$233,331.
- Completion of new sidewalks totaling \$691,570.
- Completion of crosswalk improvements totaling \$158,180.
- Completion of City constructed roads totaling \$1,253,393.

The following table presents the City's capital assets at year-end:

TABLE 5 CAPITAL ASSETS

Additional information on the City's capital assets can be found in Note C of this report.

Long-term Debt. As of September 30, 2024, the Primary Government had \$68,741,711 in total outstanding warrants, bonds and loans (net), plus lease liability and SBITA liability.

Under Section 225 of the Constitution of Alabama of 1901, as amended, the present general constitutional debt limit of the City is an amount equal to 20 percent of the assessed value of the taxable property. However, the following, among other types of indebtedness, are not chargeable against general constitutional debt limit under existing law: 1) obligations issued for the purpose of acquiring, providing or constructing schools, water works, or sewers; 2) obligations incurred for street or sidewalk improvements where all or a portion of the costs are to be assessed against property abutting such improvements; 3) under certain conditions, tax anticipation notes; 4) certain lease obligations subject to termination at the end of each fiscal year, without recourse; 5) certain obligations to make contributions towards the debt service of other public entities; 6) and revenue securities issued for the purpose of extending, enlarging or improving water, electric, gas or sewer systems and payable solely from the revenues of one or more of such systems. Amendment No. 772

authorizes the City to use public funds for certain purposes intended to further economic development and exempts such debt from the twenty percent debt limit.

Table 6 provides a computation of the General Constitutional Debt Margin.

TABLE 6 GENERAL CONSTITUTIONAL DEBT MARGIN For the Year ended September 30, 2024

(2) Includes amounts set aside for repayment of debt applicable to the City's 50 percent debt limit.

Additional information on the City's long-term debt can be found in Note D of this report.

Economic Factors and Next Year's Budgets and Rates

The City relies on taxes (property, sales, lodging, etc.), and fees (license, permits, etc.) for their governmental activities. The analysis of a few of these taxes contained in the Statistical Section serves as a good indicator of economic trends. Certain governmental activities (sanitation, recreational activities, etc.) require the user to pay a related fee or charge associated with the service. It is important to note that although fire protection continues to be provided in both the corporate and jurisdictional limits, the taxes, fees and charges for services in the jurisdictional area are minimal in comparison to the cost to provide such services. The passage of Senate Bill 107 during fiscal year 2022 further reduced the jurisdictional footprint. The level of taxes, fees and charges for services have a direct bearing on the City's ability to annex land into the corporate limits and encourage retail, commercial, residential and industrial development.

The following economic factors currently affect the City and were considered in developing the fiscal year 2025 budget.

- Foley's unemployment rate of 2.9 percent is the same as the state and 1.2 percent lower than the nation.
- The fiscal year 2025 sales tax budget is approximately 2.95 percent higher than the total fiscal year 2024 collections.
- Grant opportunities are researched throughout the year and can cause grant revenues and related expenses to be under budgeted and amended as grants are awarded.
- General fund expenditures were budgeted \$5,977,841 more than the fiscal year 2024 projected close which is 11 percent increase.
- Merit increases of 3 to 5 percent are expected to cost \$593,395, a cost of living adjustment of \$668,665 was included and new positions totaling \$1,630,928 were approved.
- Capital equipment purchases of \$3,652,800 were approved in the General Fund.
- The fiscal year 2025 capital projects expenditures are planned at \$85,611,750, with \$39,839,166 in expected grants and contributions. This leaves an expected general fund transfer of \$45,772,584.

Requests for Information

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City of Foley's finances. Questions about the report or requests for additional financial information should be addressed to: City of Foley, Finance Director, P. O. Box 1750, Foley, Alabama 36536. This report and other financial information about the City can also be obtained by accessing the City's website at <u>www.cityoffoley.org</u>.

for street or sidewalk improvements where all or a portion of the costs are to be assessed against property abutting such improvements; 3) under certain conditions, tax anticipation notes; 4) certain lease obligations subject to termination at the end of each fiscal year, without recourse; 5) certain obligations to make contributions towards the debt service of other public entities; 6) and revenue securities issued for the purpose of extending, enlarging or improving water, electric, gas or sewer systems and payable solely from the revenues of one or more of such systems. Amendment No. 772 authorizes the City to use public funds for certain purposes intended to further economic development and exempts such debt from the twenty percent debt limit.

Table 6 provides a computation of the General Constitutional Debt Margin.

TABLE 6 GENERAL CONSTITUTIONAL DEBT MARGIN For the Year ended September 30, 2024

Assessed Value (1)	\$ 672,619,108
Debt limit (20% of assessed value)	 134,523,822
Debt applicable to limit:	
Outstanding debt of the primary government (2)	68,741,711
Less: Exempt Special Lease Obligations	(9,532,897)
Less: Exempt debt pursuant to Section 772	(5,431,775)
Less: Amount set aside for repayment of debt (3)	 (855,011)
Total net debt applicable to limit	52,922,028
Legal Debt Margin for Fiscal Year 2024	\$ 81,601,794
Net debt as a percentage of debt limit	 39.34%

(1) Assessed Value Source: Baldwin County Revenue Commissioner and Baldwin County Judge of Probate.

(2) Includes: the aggregate principal amount of general obligation warrants totaling \$51,204,775; an Annual Lease Agreement dated April 13, 2016, to fund the Public Facilities Cooperative District Revenue Bonds with a current balance of \$7,744,238; a Lease Purchase Agreement dated May 1, 2013, to fund the 2013 Lease Purchase Certificates of Participation/Qualified Energy Conservation Bonds with a current balance of \$1,788,659; note payable for equipment in the amount of \$7,837; lease liability with a current balance of \$380,963; subscription liability with a current balance of \$2,183,464; a \$969,537 Funding Agreement for the Public Athletic and Sports Facilities Cooperative Districts 2015 Revenue Bonds exempt under Section 772; a \$4,462,238 Funding Agreement for the Public Cultural & Entertainment Facilities Cooperative Districts 2015 Revenue Bonds exempt under Section 772.

(3) Includes amounts set aside for repayment of debt applicable to the City's 20 percent debt limit.

Amendment No. 722 of the Constitution of Alabama authorizes the counties and municipalities within the State to use public funds for certain purposes intended to further economic development. Bonds, warrants, notes and other indebtedness issued pursuant to Amendment No. 772 are (a) not subject to and exempt from the 20 percent general constitutional debt limit for government purposes, and (b) are subject to and chargeable against 50 percent of the assessed value of taxable property.

Table 7 provides a computation of the Special Constitutional Debt Margin.

TABLE 7 SPECIAL CONSTITUTIONAL DEBT MARGIN For the Year ended September 30, 2024

Assessed Value (1)	\$ 672,619,108
Debt limit (50% of assessed value)	 336,309,554
Debt applicable to limit:	
Funding agreement with Public Athletic and Sports Facilities Coop District	969,537
Funding agreement with Public Cultural & Entertainment Facilities Coop District	4,462,238
Less: Amount set aside for repayment of debt (2)	 (271,481)
Total net debt applicable to limit	5,160,294
Legal Debt Margin for Fiscal Year 2024	\$ 331,149,260
Net debt as a percentage of debt limit	 1.53%

(1) Assessed Value Source: Baldwin County Revenue Commissioner and Baldwin County Judge of Probate.

(2) Includes amounts set aside for repayment of debt applicable to the City's 50 percent debt limit.

Additional information on the City's long-term debt can be found in Note D of this report.

Economic Factors and Next Year's Budgets and Rates

The City relies on taxes (property, sales, lodging, etc.), and fees (license, permits, etc.) for their governmental activities. The analysis of a few of these taxes contained in the Statistical Section serves as a good indicator of economic trends. Certain governmental activities (sanitation, recreational activities, etc.) require the user to pay a related fee or charge associated with the service. It is important to note that although fire protection continues to be provided in both the corporate and jurisdictional limits, the taxes, fees and charges for services in the jurisdictional area are minimal in comparison to the cost to provide such services. The passage of Senate Bill 107 during fiscal year 2022 further reduced the jurisdictional footprint. The level of taxes, fees and charges for services have a direct bearing on the City's ability to annex land into the corporate limits and encourage retail, commercial, residential and industrial development.

The following economic factors currently affect the City and were considered in developing the fiscal year 2025 budget.

- Foley's unemployment rate of 2.9 percent is the same as the state and 1.2 percent lower than the nation.
- The fiscal year 2025 sales tax budget is approximately 2.95 percent higher than the total fiscal year 2024 collections.
- Grant opportunities are researched throughout the year and can cause grant revenues and related expenses to be under budgeted and amended as grants are awarded.
- General fund expenditures were budgeted \$5,977,841 more than the fiscal year 2024 projected close which is 11 percent increase.
- Merit increases of 3 to 5 percent are expected to cost \$593,395, a cost of living adjustment of \$668,665 was included and new positions totaling \$1,630,928 were approved.
- Capital equipment purchases of \$3,652,800 were approved in the General Fund.
- The fiscal year 2025 capital projects expenditures are planned at \$85,611,750, with \$39,839,166 in expected grants and contributions. This leaves an expected general fund transfer of \$45,772,584.

Requests for Information

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the City of Foley's finances. Questions about the report or requests for additional financial information should be addressed to: City of Foley, Finance Director, P. O. Box 1750, Foley, Alabama 36536. This report and other financial information about the City can also be obtained by accessing the City's website at <u>www.cityoffoley.org</u>.

Health claims payable	(7,726)
Pension related deferred inflows	(470)
Net cash used by operating activities	\$ 1,199,339

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant policies.

1. The Reporting Entity

The City of Foley is an Alabama municipal corporation (government) governed by an elected mayor and five-member council. As required by GASB, the accompanying financial statements present the government and its component units, (1) entities for which the government is considered financially accountable or (2) the nature and significance of their relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if City officials appoint a voting majority of the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

Blended component units are, in substance, part of the primary government's operations even though they are legally separate entities. Component units are included in the reporting entity financial statement using the blending method in any of these circumstances: a). The component unit's governing body is substantively the same as the governing body of the primary government *and* there is a financial benefit or burden relationship *or* management of the primary government has operational responsibility for the component unit, b). The component unit provides services entirely, or almost entirely, to the primary government *or* exclusively, or almost exclusively, benefits the primary government, c). The component unit's total debt outstanding, including leases, is expected to be repaid entirely or almost entirely with resources of the primary government, d). The component unit is organized as a not-for-profit corporation in which the primary government is the sole corporate member, with certain exceptions. Otherwise, the organization is a discretely presented component unit and its data is reported together with, but separately from the data of the City in the government-wide financial statements. The City has no discretely presented component units to report.

Blended Component Units. The City of Foley Public Facilities Cooperative District (PFCD) was incorporated in 2009 as a capital improvement district under the provisions of Chapter 99B of Title 11, Code of Alabama, 1975, and the City appoints a voting majority of its board members. The purpose of the PFCD is to acquire, construct and install various capital improvements within the City and to aid the City in its economic development efforts through its ability to finance eligible projects under the authority of Chapter 99B. The District issued approximately \$23.3 million of bonds and transferred the net proceeds to the City in exchange for various capital projects and properties from the City, including City Hall, the Public Library, street and drainage projects, etc. Simultaneous with the transfer of assets to the District, the City leased-back the subject properties and projects from the District 's bonds. The annual lease agreement requiring annual payments equal to 100 percent of the debt service on the District's bonds. The annual lease renews automatically each year, through the year ending September 30, 2045 (final maturity of the bonds), unless the City adopts a resolution expressing its intent to not renew. Upon final maturity of the bonds, the properties revert back to the City.

The Public Athletic and Sports Facilities Cooperative District (PASFCD) and the Public Cultural and Entertainment Facilities Cooperative District (PCEFCD) were formed in 2013 under the provisions of Chapter 99B of Title 11, Code of Alabama, 1975. The City appoints a voting majority of their board members and has the ability to significantly influence their activities. The districts are presented as blended component units (special revenue funds) because their debts are expected to be repaid almost entirely with City resources which will experience a positive financial impact from tourism created by these facilities. The facilities of both districts are managed and operated by City staff under a lease agreement.

Other Entities. Excluded from the financial statements are the following boards, for which a lack of influence, control and dependency exist: the Utilities Board of the City of Foley, the Medical Clinic Board, and the Industrial Development Board. These boards are governed by their own boards of directors, prepare and adopt annual operating budgets which are not influenced by the City, have the authority to issue debt securities which are not an obligation of the City (nor secured by City revenues), and must self-fund any operating deficits which may occur.

2. Government-wide and fund financial statements

Financial reporting requirements include a management's discussion and analysis, basic financial statements consisting of government-wide and fund financial statements, required supplementary information, and other supplementary information.

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The government-wide statement of net position is presented on a consolidated basis on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The government-wide statement of activities reflects both the gross and net costs per functional category (general government, public safety, highways and streets, etc.) that are otherwise being supported by general revenues (property taxes, sales taxes, fines, permit and charges, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, which must be directly associated with the function (general government, public safety, highways and streets, etc.). Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operations or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues. The City does not allocate indirect expenses. The operating grants and contributions column includes operating specific and discretionary (either operating or capital) grants while the capital grants and contributions column reflects capital-specific grants. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

3. Measurement Focus, Basis of Accounting, and Financial Statements Presentation

In the fund financial statements, financial transactions and accounts of the City are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The fund statements are budgeted and presented on a current financial resource and modified accrual basis of accounting. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund financial statements to the government-wide financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and *the modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered susceptible to accrual and are recognized as revenue of the current fiscal period. Only the portion of special assessments collectible within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as they are needed.

The following two broad classifications are used to categorize the fund types used by the City:

Governmental Funds. Governmental funds focus on the determination of financial position and changes in financial position (sources, uses, and balances of financial resources) and not net income. The following is a description of the major governmental funds of the City:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The Capital Projects Fund is used to account for financial resources for the acquisition or construction of major capital items.

The USDA Relending Program is used to account for financial resources from the issuance of the USDA General Obligation Warrants.

Proprietary Funds. Proprietary funds focus on the determination of net income, changes in net position, financial position, and cash flows. The City's proprietary funds are enterprise funds, as fees are charged to external users for services. The following is a description of the City's major proprietary fund:

The *Sanitation Fund* was created this year to account for revenues and cost related to the provision of residential and commercial sanitation services in the City.

Additionally, the City reports the following fund types:

Governmental funds:

Special Revenue Funds: These funds are established to account for the proceeds of specific revenue sources other than special assessments, expendable trusts, or major capital projects that are legally restricted to expenditures for specified purposes.

Debt Service Funds: These funds are established for the purpose of accumulating resources for the payment of interest and principal on long-term general obligation debt.

Capital Project Funds: Capital project funds account for financial resources designated to construct or acquire capital assets and major capital improvements.

4. Property Tax Revenue Recognition

Ad valorem taxes (based on assessments of property values by the Baldwin County Tax Assessor) are levied by the City and collected by the Baldwin County Tax Collector and remitted to the City on a monthly basis. The County's property tax calendar requires the Tax Assessor to assess and attach taxes as enforceable liens on property as of September 30th. Taxes are due October 1st through December 31st. Property taxes not paid by January 1st are considered delinquent. All amounts remitted to the City within the bill paying period are included in revenue. Taxes collected within the fiscal year but remitted to the City after the fiscal year-end are accrued in both the government-wide and fund financial statements.

5. Cash and Investments

Cash includes cash on hand, demand deposits as well as all highly liquid investments. Certificates of deposits are typically issued for periods of less than one year. State statutes authorize the City to invest in deposit accounts and certificates of deposits with banks, in direct obligations of the United States Treasury Department, and obligations of certain other federal agencies. Investments are stated at fair value. The unrealized gain or loss on investments is reflected in investment income.

6. Prepaid Items

Payments to vendors for services that will benefit periods beyond September 30th are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

7. Inventories

Inventories consist of materials and supplies held for consumption and miscellaneous merchandise items that are being held for resale. Inventory of materials and supplies is stated at cost and inventory held for resale is reported at lower of cost or market.

8. Capital Assets

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the City as those assets with an initial individual cost of \$5,000 or more and an estimated useful life in excess of five years. The threshold for easements is \$100,000.

Expenditures for capital assets acquired or constructed are reported in the governmental fund that the acquisition or construction is planned. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Donated capital assets are valued at their estimated acquisition value on the date donated. Public domains (rights-of-way and easements) have been capitalized using actual and estimated historical costs of such assets that were acquired by the City. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings	20 - 40 years
Improvements (Building and Property)	7 - 30 years
Infrastructure (Drainage, Streets, Bridges, Sidewalks, etc.)	10 - 50 years
Infrastructure (Sewer)	75 years
Machinery and equipment	5 - 20 years
Automobiles and equipment	5 - 15 years
Office equipment	5 - 10 years

In the fund financial statements, capital assets are accounted for as capital outlay expenditures upon acquisition.

9. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. In the event of termination, an employee is paid for accumulated vacation not to exceed 160 hours, or in the case of law enforcement officers and firefighters, not to exceed 190 hours. Employees are paid for overtime accumulated and unpaid to the date of termination not to exceed 80 hours, or in the case of law enforcement officers and firefighters, not to exceed 160 hours. Employees are not entitled to be paid for accumulated sick pay benefits upon termination.

Vacation, sick pay, and overtime are accrued in accordance with GASB Statement No. 16. Unpaid compensated absences are recorded as a liability when the benefits are earned in the government-wide financial statements. Expenditures are recognized in governmental funds when payments are made to employees.

10. Pension Plan

The Employees' Retirement System of Alabama (the Plan) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

The City follows GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71 *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These statements create disclosure and reporting requirements that may or may not be consistent with the basis used for funding the plan. As a result, a net pension liability equal to the difference between the actuarial present value of projected benefits to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position was recognized. Additionally, pension expense and deferred outflows of resources and deferred inflows of resources were recognized from changes in the components of the net pension liability. See note K for more information.

11. Net Position and Fund Balances

In the government-wide and enterprise fund financial statements, the difference between the City's total assets and total liabilities represents net position. Net position is displayed as three components:

- *Net investment in capital assets* Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- *Restricted net position* Consists of net position with constraints placed on their use by external groups such as creditors, grantors, contributors, or laws or regulations of other governments.
- *Unrestricted net position* Represents the net position available for future operations.

Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those resources can be spent. Fund balances are classified as follows:

• *Non-spendable fund balance*—Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

- *Restricted fund balance*—Amounts that can be spent only for specific purposes because of the City Charter, City Code, state or federal laws, or externally imposed conditions by grantors or creditors.
- *Committed fund balance*—Amounts that can be used only for the specific purposes determined by an Ordinance, the City' highest level of decision-making authority (the City Council). City Council must adopt an Ordinance to modify or rescind committed fund balances.
- Assigned fund balance—Amounts that are constrained by the City's expressed intent to use resources for specific purposes but do not meet the criteria to be classified as restricted or committed. The City Council has the authority to assign amounts intended to be used for specific purposes.
- *Unassigned fund balance*—All amounts not included in other spendable classifications. The General Fund is the only fund that reports a positive unassigned fund balance amount. In all other funds, unassigned is limited to negative residual fund balance (if any).

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, the policy of the City is to consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the City that committed amounts be reduced first, followed by assigned amounts and then unassigned amounts.

During the fiscal year 2024, budget cycle, the City calculated a minimum unrestricted fund balance (the total of committed, assigned and unassigned components of fund balance) in the general fund equal to 35 percent of the originally budgeted operational expenditures and debt service obligations, less one time expenditures greater than \$500,000 and expenditures that are offset by transfers in or other financing sources, as a safeguard against financial demands caused by major natural disasters or other unforeseen events. The current year budgeted amount subject to the calculation was \$53,271,875 resulting in a 35 percent fund balance goal of \$18,645,156 the actual ending unrestricted fund balance of \$68,345,210 exceeds the goal by \$49,700,054.

12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses during the reporting period. Actual results could differ from these estimates.

13. Recently Issued Accounting Principles

GASB Statement No. 101, *Compensated Absences*, was issued to update the recognition and measurement guidance for compensated absences. This standard is effective for fiscal year 2025 but the City is currently evaluating the impact this standard may have on its financial statements.

GASB Statement No. 102, *Certain Risk Disclosures*, was issued to provide users of government financial statements with essential information about risk related to a government's vulnerabilities due to certain concentrations or constraints. This standard is effective for fiscal year 2025 but the City is currently evaluating the impact this standard may have on its financial statements.

GASB Statement No. 103, *Financial Reporting Model Improvements*, was issued to improve key components of the financial reporting model and to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This standard is effective for fiscal year 2026 but the City is currently evaluating the impact this standard may have on its financial statements.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*, was issued to provide detailed information about certain types of capital assets. This standard is effective for fiscal year 2026 but the City is currently evaluating the impact this standard may have on its financial statements.

NOTE B. CASH AND INVESTMENTS

Cash

The City manages custodial credit risk, which is the risk that in the event of a bank failure deposits may not be returned, by approving, by resolution, all banks or other financial institutions utilized as depositories for the City's public funds. Prior to approval, each proposed depository must provide evidence of its designation by the Alabama State Treasurer as a qualified public depository (QPD) under the Security of Alabama Funds Enhancement Act (SAFE). The City Treasurer or their designee verify, annually at a minimum, that banks are continuing to participate in the SAFE Program. Under this mandatory program, each QPD is required to hold collateral for all of its public deposits on a pooled basis in a custody account established for the State Treasurer as SAFE administrator. In the unlikely event a public entity should suffer a deposit loss due to QPD insolvency or default, a claim would be filed with the State Treasurer who would use the SAFE pool collateral or other means to reimburse the loss. In certain circumstances, deposits are covered by the Federal Deposit Insurance Corporation (FDIC) or otherwise invested or collateralized.

At September 30, 2024, the Primary Government's reported amount of qualified deposits were \$72,322,751. Public fund deposits held by QPD's totaled \$63,098,463, with actual bank balances of \$70,653,825, and consisted entirely of deposits with financial institutions in checking, money market accounts, and certificates of deposit. The amount reported and on deposit that was 100 percent federally invested by Bond Trustees in debt service reserve accounts was \$2,414,724. The City of Foley Sanitation Fund, a proprietary fund which qualifies for the public funds SAFE Program, has deposits held by QPD's totaling \$371,919, with actual bank balances of \$364,194.

Investments

The City's investments are restricted by State statutes 11-81-19 and 11-81-21 generally to investments in bonds, notes, certificates of indebtedness, treasury bills, securities guaranteed by the full faith and credit of the United States of America, government backed intermediate term mutual funds, interest bearing savings accounts, interest bearing certificates of deposit, and interest bearing time deposits.

The City held an investment account for the volunteer fire department LOSAP benefit payments with a balance of \$340,396 of which Mutual Life Insurance Company guarantees principal.

As of September 30, 2024, the City had the following investments held in a custodial trust account:

	Investment Maturities (Fair Value)									
	Less than	1 to 5	More than 5	Total						
Investment Category	1 Year	Years	Years	Fair Value						
United States Treasury Bonds	\$ 999,510	\$ -	\$ -	\$ 999,510						
United States Treasury Notes	5,595,090	5,132,542	-	10,727,632						
Cash and Equivalents **	4,402,551			4,402,551						
Total Fair Value*	\$ 10,997,151	\$ 5,132,542	\$ -	\$ 16,129,693						

*Includes accrued interest receivable totaling \$129,853 ** Cash held in QPD Money Market Account

Fair Value of Financial Instruments

Governmental Accounting Standards Board Statement No. 72, *Fair Value Measurement and Application* (GASB Statement No. 72), established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

unadjusted quoted prices for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement. The three levels of the fair value hierarchy under GASB Statement No. 72 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the City can access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable.

The following table sets forth by level, within the fair value hierarchy, the City's assets at fair value as of September 30, 2024:

	 Assets at Fair Value							
Investment Category	Level 1 L		Level 2		Level 3		Total	
United States Treasury Bonds	\$ -	\$	999,510	\$	-	\$	999,510	
United States Treasury Notes	-		10,727,632		-		10,727,632	
Cash and Equivalents	 4,402,551		-		-		4,402,551	
Total Fair Value*	\$ 4,402,551	\$	11,727,142	\$	-	\$	16,129,693	

*Includes accrued interest receivable totaling \$129,853

The following is a description of the valuation methodologies used for assets measured at fair value.

US Treasury, US Government Mortgage Backed Securities, Federal Agency Securities, Repurchase Agreements and Certificates of Deposit are valued based on market transactions involving similar assets traded in active markets.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the City believes these valuation methods are appropriate and consistent, the use of different methods or assumptions to determine the fair value of a certain financial instrument could result in a different fair value measurement at the reporting date.

Credit Risk and Concentration of Credit Risk

The City invests public funds not required for immediate day-to-day operations in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City, and conforms to all state statutes and City Council resolutions governing the investment of public funds. Investment shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

As of September 30, 2024, the City's investments in money market accounts are under the SAFE program. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered and are either held by the counterparty, or by the counterparty's trust department or agent but not in the City's name. Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer due to the failure of a security lender or backer. Such risks are mitigated through the City's investment practices as follows.

The City minimizes credit risk by limiting investments to the safest types of securities and by diversifying the investment portfolio so that potential losses on individual securities will be minimized. The risk that the fair value of securities in the portfolio will fall due to changes in general interest rates are minimized by structuring the investment portfolio so

that securities mature to meet cash requirements for ongoing operations and by investing operating funds primarily in shorter-term securities.

To minimize the concentration of credit risk the investments shall be diversified by; limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities); limiting investment in securities that have higher credit risks; investing in securities with varying maturities; and by continuously investing a portion of the portfolio in readily available funds such as interest-bearing demand deposits to ensure that appropriate liquidity is maintained to meet ongoing obligations.

To the extent possible, the City shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than three (3) years from the date of purchase or in accordance with state and local statutes and ordinances, whichever is more restrictive.

NOTE C. CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended September 30, 2024:

	Beginning Balance		Additions			Disposals		Transfers	Ending Balance	
Governmental activities										
Capital assets not being depreciated:										
Land	\$	32,795,966	\$	2,584,017	\$	(237,843)	\$	1,183,924	\$	36,326,064
Construction in progress		14,860,007		18,309,442		(132,316)		(9,745,306)		23,291,827
Total capital assets not being depreciated		47,655,973		20,893,459		(370,159)		(8,561,382)		59,617,891
Capital assets being depreciated:										
Property improvements		37,210,169		207,940		(259,767)		5,260,292		42,418,634
Building improvements		47,213,389		95,981		(129,775)		34,109		47,213,704
Machinery & equipment		24,998,720		2,105,740		(1,214,755)		1,535,666		27,425,371

NOTE D. LONG-TERM DEBT

The City's outstanding debt and obligations at year end are as follows:

General Obligation Warrants & Special Revenue Bonds

The City's General Obligation Warrants and Special Revenue Bonds contain a provision that in the event of default, outstanding amounts become immediately due if the City is unable to make payment.

General Obligation Warrants, Series 2014. In 2014, the City issued \$16,805,000 Series 2014 General Obligation Warrants to fund the acquisition, construction, and installation of capital improvements to certain public facilities within the City including pedestrian and intersection improvements, bike paths, a five field ball park, an environmental interpretive centre, fire station and road extensions resurfacing and improvements. The City refunded \$8,420,000 of these warrants in fiscal year 2021 with General Obligation Warrant, Series 2021 B. This bond was retired this fiscal year.

General Obligation Warrants, Series 2015. In 2015, the City issued \$3,440,000 Series 2015 General Obligation Warrants to assist the Public Athletic and Sports Facilities Cooperative District in funding a 16 multi-use field complex with amenities.

General Obligation Warrants, Series 2019. On September 20, 2019, the City issued \$4,905,000 General Obligation Warrants, Series 2019, with rates ranging from 4 percent to 5 percent, to advance refund \$655,000 of outstanding City of Foley Series 2009 Warrants with rates ranging from 2 percent to 4.25 percent, and \$5,475,000 of outstanding PFCD Series 2009 Bonds with rates ranging from 1 percent to 4 percent.

General Obligation Warrants, Series 2021-A. On March 4, 2021, the City issued \$10,080,000 General Obligation Warrants, Series 2021 A, with rates ranging from 0.22 percent to 2.83 percent, to advance refund \$8,375,000 of outstanding PCEFCD Series 2015 Revenue Bonds with rates ranging from 3 percent to 5 percent.

General Obligation Warrants, Series 2021-B. On July 29, 2021, the City issued \$22,855,000 General Obligation Warrants, Series 2021 B, with rates ranging from 2 percent to 2.7 percent, to advance refund \$8,420,000 of outstanding City of Foley Series 2014 Warrants with rates ranging from 3 percent to 5 percent, and \$12,025,000 of outstanding PASFCD Series 2015 Revenue Bonds with rates ranging from 3.4 percent to 4 percent.

Public Facilities Cooperative District Revenue Bonds, Series 2016. In 2016, the City of Foley Public Facilities Cooperative District (a blended component unit of the City) issued \$9,165,000 of Series 2016 Revenue Bonds with interest rates ranging from 1 percent to 4 percent in order to advance refund \$8,830,000 of outstanding Series 2009 Revenue Bonds with rates ranging from 4 percent to 5 percent. The Bonds are special obligations of the District payable solely from revenues derived by the District from facilities financed by the proceeds of the Bonds (the "Project"), including without limitation payments to be made under a Lease Agreement by the District to the City with respect to the Project. The Lease Agreement provides that (i) for each year in which the Lease Agreement is in effect, the City shall

pay rentals for the account of the District at such times and in such amounts as shall be sufficient to pay the principal of and interest on the Bonds when due and any amounts required to be paid into the reserve fund for the Bonds, (ii) the obligations of the City under the Lease Agreement shall be general obligations of the City, and (iii) the City may terminate the Lease Agreement as of September 30 of any year without penalty, and without acceleration or advancement of maturity or due date of any principal of or interest on the Bonds or amount payable under the Lease Agreement, and without recourse against the City for the payment of any amount which would otherwise become due under the Lease Agreement in any year subsequent to such termination of the Lease Agreement. The Bonds and the obligations of the City under the Lease Agreement are not chargeable against the constitutional debt limit of the City.

Public Athletic and Sports Facilities Cooperative District, Revenue Bonds Series 2015. In 2015, the Public Athletic & Sports Facilities Cooperative District (a blended component unit of the City) issued \$13,000,000 in revenue bonds. The Bonds are limited obligations of the District payable solely from and secured by a pledge of (i) the moneys payable by the City of Foley, Alabama (the "City") pursuant to the Funding Agreement, dated as of May 1, 2015, by the City, the District and the Trustee; (ii) certain revenues derived by the District for such purpose from the Project; and (iii) moneys on deposit in the funds created under the Indenture. The Funding Agreement is a full faith and credit general obligation of the City and will provide for payments by the City on dates and in amounts sufficient to provide for the payment of the debt service on the bonds when due for payment. The City refunded \$12,025,000 of these warrants in fiscal year 2021 with General Obligation Warrant, Series 2021 B.

Public Cultural and Entertainment Facilities Cooperative District, Revenue Bonds Series 2015. In December 2015, the Public Cultural & Entertainment Facilities Cooperative District (a blended component unit of the City) issued \$15,285,000 in revenue bonds. The Bonds are limited obligations of the District payable solely from and secured by a pledge of (i) the moneys payable by the City of Foley, Alabama (the "City") pursuant to the Funding Agreement, dated as of December 1, 2015, by the City, the District and the Trustee; (ii) certain revenues derived by the District for such purpose from the Project; and (iii) moneys on deposit in the funds created under the Indenture. The Funding Agreement is a full faith and credit general obligation of the City and will provide for payments by the City on dates and in amounts sufficient to provide for the payment of the debt service on the bonds when due for payment. The City refunded \$8,375,000 of these warrants in fiscal year 2021 with General Obligation Warrant, Series 2021 A.

Direct Borrowings & Direct Placement Debt

Lease Purchase Certificates of Participation, Series 2013 (Qualified Energy Conservation Bond-Direct Pay). In 2013, the City entered into a contract with an Energy Service Company (ESCO) to administer a guaranteed savings energy efficiency project to be funded through the Qualified Energy Conservation Bond (QECB) process, a low-cost federal loan program administered by the State. The bonds are in the form of \$2,975,000 federally taxable certificates of participation and are payable in accordance with an Annual Appropriation Lease Agreement, of which the rental payments constitute a full faith and credit general obligation of the City. The Lease Purchase Agreement provides that the City may determine not to appropriate funds necessary to make such rental payments, or any other payments under the agreement, in any fiscal year and thereby terminate its obligations from and after such fiscal year, with no recourse to the City thereafter. The City has no legal obligation to appropriate funds under the Lease Purchase Agreement in any year. If the City does not make the annual lease appropriation, the escrow agent will not have sufficient funds to pay the principal and interest on the certificates and the lease agreement will be canceled. In the event of the cancellation lease agreement, the escrow agent has the right to repossess and remove the equipment from its location and sell, lease or otherwise dispose of such equipment.

Note Payable. In 2021, the City entered in a contract with AXON Enterprise, Inc. for tasers and body cameras used in the Jail. This five year note bears a 6 percent interest rate.

General Obligation Warrants, Series 2022, On December 15, 2022, the City entered into a \$8,000,000 of Series 2022 General Obligation warrants through United Bank. These bonds were issued for the construction of general purpose municipal building facilities and a new public library. These funds are eligible for the USDA State Community Program.

General Obligation Warrants, Series 2023, On February 15, 2023, the City entered into a \$10,000,000 of Series 2023 General Obligation warrants through United Bank. These bonds were issued for the construction of general purpose municipal building facilities and a new public library. These funds are eligible for the USDA State Community Program.

The warrants, bonds and notes payable as of September 30, 2024, were as follows:

Governmental Activities	
\$3,440,000 Series 2015, General Obligation Warrants, due in annual installments from \$285,000 to \$410,000 plus semi-annual interest of 5%; final maturity in 2025.	\$ 370,000
\$4,905,000 Series 2019, General Obligation Warrants, due in annual installments from \$45,000 to \$1,210,000 plus semi-annual interest varying from 4% to 5%; final maturity in 2030.	1,400,000
\$10,080,000 Series 2021A, General Obligation Warrants, due in annual installments from \$55,000 to \$850,000 plus semi-annual interest varying from 0.22% to 2.83%; final maturity in 2045.	9,835,000
\$22,855,000 Series 2021B, General Obligation Warrants, due in annual installments from \$200,000 to \$1,450,000 plus semi-annual interest varying from 2% to 2.7%; final maturity in 2045.	22,170,000
\$9,165,000 Public Facilities Cooperative District Series 2016 Revenue Bonds; due in annual installments from \$60,000 to \$1,540,000 plus semi-annual interest varying from 2% to 4%; final maturity in 2030.	7,430,000
\$13,000,000 Public Athletic & Sports Facilities Cooperative District Series 2015 Revenue Bonds, due in annual installments from \$60,000 to \$910,000 plus semi-annual interest varying from 3% to 4%; final maturity in 2045.	975,000
\$15,285,000 Public Cultural & Entertainment Facilities Cooperative District Series 2015 Revenue Bonds, due in annual installments from \$305,000 to \$875,000 plus semi-annual interest varying from 2% to 5%; final maturity in 2045.	4,225,000
\$2,975,000 Series 2013, Qualified Energy Conservation Bond; due in semi-annual installments from \$75,000 to \$235,000; plus semi-annual interest varying from 1.2% to 4.2%; final maturity in 2033.	1,815,000
\$8,000,000 Series 2022, General Obligation Warrants, due in monthly installments of \$48,041 which includes interst with rates from 3.840% to 4.378%; with final maturity in December 2042.	7,513,514
\$10,000,000 Series 2023, General Obligation Warrants, due in monthly installments of \$57,316 which includes interest with rates from 3.320% to 4.375%; with final maturity in February 2043.	9,420,798
\$129,074 Note Payable: due in annual installments from \$8,240 to \$100,600 plus interest of .6%; final maturity in 2025.	 7,837
Total Governmental Activities	\$ 65,162,149

The principal maturities and related interest requirements for the warrants, bonds, and notes payable for the next five fiscal years and thereafter are as follows:

The General Fund generally liquidates the post-employment health care liability, claims and judgments, and compensated absences for governmental activities.

NOTE E. LEASES

1. Lease payables

Lease agreements are summarized as follows:

						Balance
			Payment		Total Lease	September
Description	Date	Payable Terms	Amount	Interest Rate	Liability	30, 2024
Postage Machine	10/1/2021	60 months \$	513	7.32%	\$ 25,857	\$ 11,419
Envelope Printer	12/1/2021	60 months	387	7.32%	19,536	9,290
Folding Machine	6/1/2022	60 months	690	7.32%	34,784	20,570
Engineering Office Space	12/1/2021	25 months	3,125	2.73%	76,035	-
Engineering Printer	2/1/2019	60 months	267	3.00%	7,227	-
Police & Fire Tower Space-amended	1/1/2021	25 annual	16,200	3.00%	270,518	248,665
Police & Fire Tower Space-new	2/15/2024	25 annual	5,400	3.00%	96,419	91,019
						\$ 380,963

During fiscal year 2022, the General Government Department entered into a 5 year lease for a postage machine, a 5 year lease for an envelope printer, and a 5 year lease for a folding machine. These leases all bear an interest rate of 7.32 percent, are nonrenewable and the City will not own any of this equipment at the end of the term.

During fiscal year 2022, the Engineering Department entered into a 25 month lease for office space. This nonrenewable lease bears an interest rate of 2.73 percent and the City will not own the asset when the term ends. The initial term ended on this lease in December 2023 and it became a month to month lease.

In January 2021, the Police and Fire Departments entered into a 25 year lease for radio tower space. This lease is nonrenewable and bears an interest rate of 3 percent. In February 2024, this lease was amended to add additional equipment. An additional lease was also signed to add additional space. This was also a 20 year lease that is nonrenewable and bears interest at 3 percent. The City will not own any assets when the term ends.

In February 2019, the Engineering Department entered into a 5 year lease with an interest rate of 3 percent for an office printer. This lease is nonrenewable and the City will not own the asset at the end of the term.

Annual requirements to amortize long-term obligations and related interest are as follows:

Year ended September 30:	Principal	Interest	Total	
9/30/2025	\$ 27,852 \$	12,633 \$	40,485	
9/30/2026	29,481	11,020	40,501	
9/30/2027	18,756	9,641	28,397	
9/30/2028	12,327	9,098	21,425	
9/30/2029	12,677	8,706	21,383	
2030 to 2034	69,519	37,389	106,908	
2035 to 2039	80,760	25,972	106,732	
2040 to 2044	93,818	12,710	106,528	
2045 to 2049	35,773	1,707	37,480

Below is a summary of the right to use assets with useful life and accumulated amortization.

2. Lease receivables

The City is reporting Lease Receivables and Deferred Inflow of Resources of \$884,078 at September 30, 2024. For fiscal year 2024, the City reported lease revenue of \$53,854 and interest revenue of \$27,150 related to lease payments received. These leases are summarized as follows:

	l Interest	Lease Deferred Inflows as of	Lease ceivable as of	•	Lease Interest
Lease	Rate	9/30/2024	9/30/2024	Lease Revenue	Revenue
Post Office	3.00% \$	\$ 129,893	\$ 129,893	\$ 19,718	\$ 4,282
Gypsy Queen Java	3.00%	-	-	9,445	155
AT&T Tower	3.00%	557,291	557,291	10,408	17,031
Southern Linc Tower	3.00%	196,894	196,894	14,283	5,682
		\$ 884,078	\$ 884,078	\$ 53,854	\$ 27,150

Post Office Lease - In October 1995, the City entered into a 20 year lease with the United States Post Office for the use of a building. Total annual lease payments were \$104,532 a year and this agreement expired on October 18, 2015. The original lease included four (4), five (5) year renewal options for \$24,000 a year. The USPO has exercised the first two renewal options and it is expected that they will exercise the remaining options. The City receives \$2,000 in monthly payments.

Gypsy Queen Java - In December 2020, the City entered into a 3 year lease with a local coffee shop. The City receives monthly payments of \$800. This lease was not renewed during 2024.

AT&T Tower - In January 2018, the City entered into a 30 year lease with AT&T allowing them to place equipment on city radio towers. The lease began with one (1) annual payment of \$25,034 and increases 10% every five (5) years beginning January 2022.

Southern Linc Wireless Tower - In September 2009, the City entered into a 25 year lease with Southern Linc Wireless allowing them to place equipment on city radio towers. The lease began with monthly payments of \$1,000, or \$12,000 a year, and increases 10% every five (5) years beginning August 2014. In 2018, Southern Linc added additional equipment to the tower, but removed the additional equipment and some original equipment in December 2019; which gave a new monthly lease payment of \$1,650. The monthly payment will increase in September 2024 to \$1,815.

NOTE F. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITA's)

1. SBITA payables

SBITA agreements are summarized as follows:

					Total	Balance
		Payable	Payment		Subscription	September 30,
Description	Date	Terms	Amount	Interest rate	Liability	2024
SBITA-SADA/Google Workspace	6/1/2024	3 annual \$	45,540	3%	\$ 132,627	\$ 87,087
SBITA-NeoGov	4/20/2024	3 annual \$	29,319	3%	115,288	85,969
SBITA-AXON-Car Cameras	2/23/2024	10 annual \$	116,143	3%	1,066,794	1,001,794
SBITA-AXON-Body Camera/Tasers	10/1/2022	10 annual \$	162,150	3%	1,422,090	1,008,614
						\$ 2,183,464

In June 2022, the IT Department entered into a 3 year agreement with SADA for the right to use Google Workspace. This agreement is nonrenewable and bears an interest rate of 3 percent. This agreement expired during 2024. The IT Department entered into a new 3 year agreement with SADA which is nonrenewable and bears interest at a rate of 3 percent.

In March 2022, the IT Department entered into a 3 year agreement with ERSI for the right to use ArcGIS. This agreement is nonrenewable and bears an interest rate of 3 percent.

In February 2023, the Police Department entered into a 10 year agreement with AXON for the right to use Axon technology for tasers and body cameras. This agreement is nonrenewable and bears an interest rate of 3 percent.

During the fiscal year, the Police Department entered into a 10 year agreement with AXON for the right to use Axon technology for car cameras. This agreement is nonrenewable and bears an interest rate of 3 percent.

Annual requirements to amortize long-term obligations and related interest are as follows:

Year ended September 30:	Principal	Interest	Total
9/30/2025	\$ 311,316 \$	52,777 \$	364,093
9/30/2026	316,683	56,947	373,630
9/30/2027	230,981	47,311	278,292
9/30/2028	237,956	40,337	278,293
9/30/2029	245,192	33,101	278,293
2030 to 2034	841,336	63,680	905,016
	\$ 2,183,464 \$	294,153 \$	2,477,617

Below is a summary of the right to use subscription assets with useful life and accumulated amortization.

		Beginning	Accumulated	Current
Amortization	Useful Life	Value	Amortization	Value
SBITA-SADA/Google Workspace	36 months	\$ 132,627	\$ 9,388 \$	123,239
SBITA-NeoGov	36 months	115,288	17,613	97,675
SBITA-AXON-Car Cameras	360 months	1,066,794	55,963	1,010,831
SBITA-AXON-Body Camera/Tasers	360 months	1,422,090	284,418	1,137,672
		\$ 2,736,799	\$ 367,382 \$	2,369,417

NOTE G. INTERFUND RECEIVABLES AND PAYABLES

The following is a detailed listing of interfund receivables and payables shown in the combined balance sheet:

Fund	Interfund Receivable			Interfund Payable		
General Fund	\$	4,615,573	\$	68,372		
Capital Projects Fund		-		3,241,034		
Sanitation Fund				453,944		
Non-Major Funds		68,372		920,595		
Total	\$	4,683,945	\$	4,683,945		

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. City forces began self-collection of commercial sanitation on July 1, 2022. In lieu of incurring debt in the Sanitation Fund, the General Fund contributed \$1,376,720 to purchase the required capital equipment. As of September 30, 2024, the balance owed to the general fund is \$453,944.

NOTE H. INTERFUND TRANSFERS

Interfund transfers during the year ended September 30, 2024, were as follows:

Transfers to other funds								
Economic Capital								
Fund	O	perations	D	ebt Service	D	evelopment	Projects	 Total
General Fund	\$	691,589	\$	5,658,305	\$	-	\$ 21,680,245	\$ 28,030,139
USDA Relending Program		-		-		-	4,908,015	4,908,015
Non-Major Funds		40,478		-		4,223,059	-	4,263,537
Total	\$	732,067	\$	5,658,305	\$	4,223,059	\$ 26,588,260	\$ 37,201,691

Transfers from the General Fund consisted of: \$691,589 to fund operating cost in the Foley Sports Tourism Event Center Operations; Multi-Use Fields Operations; and pay insurance cost in the PFCD, PASFCD and PCEFCD Funds; \$5,658,305 was transferred to fund debt service cost in various funds; and \$21,680,245 funded capital improvements in the Capital Projects Fund. Transfers from the USDA Relending Program consisted of \$4,908,015 to fund construction of municipal buildings. Non-Major Funds transfers consisted of: \$34,141 from the Library Fund to close the fund; \$6,337 from the Recreation Fund to close the fund; and \$4,223,059 from the 3 districts for economic development payments.

Transfers from Other Funds										
					I	Economic		Capital		
Fund	O	perations	D	ebt Service	De	evelopment		Projects		Total
General Fund	\$	40,478	\$	-	\$	4,223,059	\$	4,908,015	\$	9,171,552
Capital Projects Fund		-		-		-	,	21,680,245		21,680,245
USDA Relending Program		-		1,264,285		-		-		1,264,285
Non-Major Funds		691,589		4,394,020		-		-		5,085,609
Total	\$	732,067	\$	5,658,305	\$	4,223,059	\$ 2	26,588,260	\$	37,201,691

Transfers to the General Fund consisted of: \$34,141 from the Library Fund to close the fund; \$6,337 from the Recreation Fund to close the fund; \$4,908,015 from the USDA Relending Program Fundto assist the fund the construction of municipal buildings; and \$4,223,059 in project user fees from the Cooperative Districts. The Capital Projects Fund received transfers of \$21,680,245 from the General Fund. Non-Major Fund transfers consisted of transfers from the General Fund to assist the following funds in operations: \$286,171 to the Event Center Operations Fund; \$345,262 to

the Multi-Use Fields Operations Fund; \$57,052 to the PFCD; \$1,564 to the PASFCD; and \$1,540 to the PCEFCD. Debt service transfers consisted of \$1,264,285 to the USDA Relending Program Fund and transfers of \$4,394,020 from the General Fund to various non-major funds.

NOTE I. FUND BALANCE CONSTRAINTS

The constraints on fund balance as listed in aggregate in the governmental funds balance sheet are detailed according to balance classification and fund.

	General Fund	Capital Projects Fund	USDA Relending Program	1	Non-Major Funds	Total
Fund Balances:						
Non-Spendable:						
Inventory	\$ 52,366	\$ -	\$ -	\$	-	\$ 52,366
Prepaid items	270,631	-	-		-	270,631
Total Non-Spendable	322,997	 -	 -		-	 322,997
Restricted:						
Debt service reserves	-	-	-		2,414,722	2,414,722
Capital Projects	-	-	12,010,013		-	12,010,013
Police	102,129	-	-		40,306	142,435
Fire	-	-	-		830,844	830,844
Court	544,865	-	-		70,591	615,456

Unassigned:	68,001,787	 (1,110,120)	 -			 66,891,667
Total Fund Balances	\$ 69,315,201	\$ (1,110,120)	\$ 12,010,013	\$	11,612,786	\$ 91,827,880

NOTE J. RISK MANAGEMENT AND SELF-INSURED HEALTH INSURANCE

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance to cover these risks. During the year the City had no significant reductions in its commercial insurance coverage from the prior year. In addition, there have been no settlements that exceeded the City's insurance coverage in any of the past three fiscal years.

In 2009, the City established a self-funded health plan for its employees. A third-party administrator is responsible for the approval, processing, and payment of claims. The City is responsible for a monthly administrative fee. The City pays 100 percent of employee and covered dependent(s) health, vision, hearing, prescription drugs, and dental claims cost at

no premium cost to the employee. Employees who elect family coverage are required to pay a portion of the premium. Claims paid by the City are charged to the various departments where each employee works. Medical claims exceeding \$125,000 per covered individual, per year, are covered through a private insurance carrier.

Liabilities for unpaid claims are based on recommendations by third-party administrator. Changes in the balance of claims liabilities, including provision for incurred but not reported (IBNR) claims, are as follows:

	2024			2023		
Unpaid claims, beginning of year	\$	392,000	\$	321,100		
Incurred claims, including change in						
IBNR provision		6,171,484		5,532,160		
Claims payments		(6,175,184)		(5,461,260)		
Unpaid claims, end of year	\$	388,300	\$	392,000		

NOTE K . PENSION PLANS

1. Employee Retirement Systems of Alabama

General Information about the Pension Plan

Plan description. The City participates in the Employees' Retirement System of Alabama (ERSA), an agent multiple employer plan, that was established under the provisions of Act 515 of the Legislature of 1945 for the purpose of providing retirement allowances and other specified benefits for state employees, state police, and, on an elective basis, to all cities, counties, towns and quasi-public organizations. Assets of the ERS are pooled for investment purposes. However, separate accounts are maintained for each individual employer so that each employer's share of the pooled assets is legally available to pay the benefits of its employees only. The responsibility for the general administration and operation of ERS is vested in its Board of Control which consists of 15 trustees, including the Governor, State Treasurer, State Personnel Director and State Director of Finance as ex officio members, three vested members of ERS appointed by the Governor, and eight members of ERS elected by members. Effective October 1, 2021 Act 390 of the Legislature of 2021 created two additional representatives to the ERS Board of Control.

The Plan had approximately 113,083 participants from approximately 886 local participating employers as of September 20, 2023, and is administered by the Retirement Systems of Alabama (RSA). Title 36-Chapter 27 of the Code of Alabama grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

Benefits provided. State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in post-retirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. The Legislature of Alabama has authority to amend the plan and grants the City authority to accept or reject cost-of-living adjustments to retirees. During its 2012 Session, the Legislature created a Tier 2 plan for all employees hired on or after January 1, 2013, with all employees hired before that date being referred to as Tier 1 members. Membership is mandatory for covered or eligible City employees and substantially all employees are members of ERS.

Tier 1 employees who retire after age 60 with 10 years or more of credible service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 1 retirees are allowed 2.0125 percent of their average final compensation (highest 3 of the last 10 years) for each year of service.

Tier 2 employees are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest

monthly benefit. Under the formula method, Tier 2 retirees are allowed 1.65 percent of their average final compensation (highest 5 of the last 10 years) for each year of service.

Employees are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Pre-retirement death benefits are calculated and paid to the beneficiary based on the member's age, service credit, employment status and eligibility for retirement.

Act 132 of Legislature of 2019 allowed employers who participate in the ERS pursuant of Code of Alabama 1975, section 36-27-6 to provide Tier 1 retirement benefits to their Tier 2 members. Tier 2 members of employers adopting Act 2019-132 will contribute 7.5 percent of earnable compensation for regular employees and 8.5 percent for firefighters and law enforcement officers. On February 1, 2021, the City adopted Resolution 21-1034 to provide Tier I benefits to Tier 2 members effect October 1, 2021.

Act 316 of the Legislature of 2019 allows employees at the time of retirement to receive a partial lump sum (PLOP) distribution as a single payment not to exceed the sum of 24 months of the maximum monthly retirement allowance the member could receive. This option may be selected in addition to the election of another retirement allowance option at a reduced amount based upon the amount of partial lump sum distribution selected.

	Number
Retired Members or Their Beneficiaries Currently Receiving Benefits	84
Vested Inactive Members	13
Non-vested Inactive Members	46
Active Members	346
Total	489

Contributions. Tier 1 covered members of the ERS contribute 5 percent of earnable compensation with the exception of certified law enforcement, correctional officers and firefighters who contribute 6 percent. Tier 2 covered members contribute 6 percent of earnable compensation with the exception of certified law enforcement, correctional officers, and firefighters who contribute 7 percent of earnable compensation. The ERS establishes employer rates based on an actuarial determined rate recommended by an independent actuary. The actuarial determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amounts to finance any unfunded accrued liability, the pre-retirement death benefit and administrative expenses of the Plan. For the year ended September 30, 2024, the City's covered payroll was \$27,171,860. The City's active employee contribution rate was 5.26 percent of covered payroll, and the City's average contribution rate to fund the normal and accrued liability costs was 5.70 percent of covered payroll.

The City's contractually required contribution rate for the year ended September 30, 2024, was 9.11 percent of pensionable pay for Tier 1 employees, and 7.24 percent of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation dated September 30, 2022, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the City were \$1,549,300 for the year ended September 30, 2024.

Net Pension Liability

The City's net pension liability was measured as of September 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2021, rolled forward to September 30, 2021, using standard roll-forward techniques.

Actuarial assumptions. The total pension liability in the September 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.25% - 6.00%
Investment rate of return*	7.45 percent
nucetment expense	

*Net of pension plan investment expense

Mortality rates for ERS were based on the Pub-2010 Below-Median Tables, projected generationally using the MP-2021 scale, which is adjusted by 66-2/3% beginning with year 2019:

Group	Membership Table	Set Forward (+) / Setback (-)	Adjustment to Rates
			Male: 90" ages <65, 96%
	General Healthy Below		ages >=65 Female: 96%
Non FLC Service Retirees	Median	Male: +2, Female: +2	all ages
FLC/State Police Service	Public Safety Healthy		
Retirees	Below Median	Male: +1, Female: non	None
	Contingent Survivor		
Beneficiaries	Below Median	Male: +2, Female: +2	None
Non-FLC Disabled			
Retirees	General Disability	Male: +7, Female: +3	None
FLC/State Police Disabled			
Retirees	Public Safety Disability	Male: +7, Female: none	None

The actuarial assumptions used in the September 30, 2022, valuation were based on the results of an actuarial experience study for the period October 1, 2015 - September 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

		Long-Term
	Target	Expected Rate of
	Allocation	Return *
Fixed Income	15.0%	2.8%
U.S. Large Stocks	32.0%	8.0%
U.S. Mid Stocks	9.0%	10.0%
U.S. Small Stocks	4.0%	11.0%
International Developed Market Stocks	12.0%	9.5%
International Emerging Market Stocks	3.0%	11.0%
Alternatives	10.0%	9.0%
Real Estate	10.0%	6.50%
Cash Equivalents	5.0%	1.50%
Total	100.00%	

* includes assumed rate of inflation of 2.0 percent.

Discount rate. The discount rate used to measure the total pension liability at September 30, 2023 was the long term rate of return, 7.45 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the rates currently in effect and that employer contributions will be made in accordance with the funding policy adopted by the Board of Control. Projected future benefit payments for all current plan members were projected for all years.

Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability and a municipal bond rate was not used in determining the discount rate.

Changes in Net Pension Liability:

	Increase (Decrease)				
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability		
	(a)	(b)	(a)-(b)		
Balances at September 30, 2022	\$ 53,035,656	37,141,364	\$ 15,894,292		
Changes for the year:

Administrative expense	-	-	-		
Transfers among Employers	(218,965)	(218,965)	-		
Net changes	4,114,807	5,245,480	(1,130,673)		
Balances at September 30, 2023	\$ 57,150,463	\$ 42,386,844	\$ 14,763,619		

Sensitivity of the net pension liability to changes in the discount rate. The following table presents the City's net pension liability calculated using the discount rate of 7.45 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.45 percent) or 1-percentage-point higher (8.45 percent) than the current rate:

	1% Decrease	Current Rate	1% Increase	
	6.45%	7.45%	8.45%	
City's net pension liability (asset)	\$ 22,629,302	\$ 14,763,619	\$ 8,232,877	

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Annual Comprehensive Financial Report for the fiscal year ended September 30, 2024. The supporting actuarial information is included in the GASB Statement No. 68 Report for the ERS prepared as of September 30, 2023. The auditor's report dated June 19, 2024, on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes is also available. The additional financial and actuarial information is available at <u>www.rsa-al.gov</u>.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the City recognized pension expenditures of \$1,614,760 in the fund level financial statements, and pension expense of \$3,370,467 in the government-wide financial statements. The deferred outflows of resources related to the pension plan, totaling \$1,549,300 resulting from the City's contributions to the plan subsequent to the measurement date (September 30, 2023), will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025. Other amounts reported as deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

	Deferred Outflow of Resources		Deferred Inflow of Resources	
Differences between expected and actual experience	\$	1,865,402	\$	33,794
Changes in assumptions		1,570,034		-

2. Volunteer Firefighter LOSAP

Plan Description. The City sponsors a single employer Length of Service Awards Program (LOSAP) that provides a retirement benefit, disability benefit, and pre-entitlement death benefit policy for volunteer firefighters. The plan was established by the City in 1994 and is managed by Volunteer Firemen's Insurance Services. Benefit terms were established and may be amended by the City.

Benefits provided. Retirement benefits for LOSAP members are available after the member reaches the entitlement age of 65 and completion of one year of active service with the City. The member will receive a monthly income for life with a guarantee of at least 120 monthly payments payable to the participant or his designated beneficiary. The monthly amount payable ranges between a minimum amount of \$100 and a maximum amount of \$300. Disability benefits are available for active members that become totally and permanently disabled from any cause prior to the entitlement age. Pre-entitlement death benefit for each active and qualified member is the greater of \$10,000 or the present value of the members accrued benefit.

The plan had 35 participants as of the plan year ended June 30, 2024, consisting of 9 active, 24 vested-terminated, and 2 retired participants.

Total Pension Liability. There are no assets accumulated in a trust that meets the criteria to permit a netting of assets against the liability. The City's total pension liability was measured as of June 30, 2024.

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2023 rolled forward to June 20, 2024 using the following actuarial assumptions, applied to all periods included in the measurement.

Inflation	0 %
Salary increases	Not applicable
Investment rate of return	3.97% percent, net of pension plan investment expense, including inflation
Mortality	No pre-retirement mortality; post retirement RP2000 projected to 2030
Retirement	First eligible
Turnover	Τ5
Disability	None

The above is a summary of key actuarial assumptions. Full descriptions of the actuarial assumptions are available in the July 1, 2023 actuarial valuation report.

NOTE L. POST EMPLOYMENT HEALTH CARE BENEFITS

General Information about the OPEB Plan

Plan description. The City of Foley Health Care Plan is a single-employer self-funded defined benefit health care plan administered by the City of Foley. The contribution requirements of plan members are established and may be amended by the City of Foley. The City's required contribution is based on projected pay-as-you-go financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75 and the Plan does not issue standalone financial reports.

Benefits provided. Under the City's Health Care Plan, a retired employee who draws a monthly retirement check may elect to continue coverage in the Plan if the retiree has 25 years of service, regardless of age, or the retiree has 10 years of service and is 60 or more years in age, or has been determined to be disabled by the Social Security Administration or the Retirement System of Alabama. Coverage is also offered to eligible retirees' dependents. Retirees reimburse the City for 100 percent of the premium rate set by the City for health, vision, and dental coverage. Pre-Medicare retirees pay the blended premium rate, while Medicare-eligible retirees are offered a C-Plus Plan rate with Blue Cross Blue Shield of Alabama.

The following table summarizes active and retiree demographic information for the medical plan as of September 30, 2024.

	Employee	Employee &	
Status	Only	Family	Total
Active	132	218	350
Retired	10	12	22
Total	142	230	372

Total OPEB Liability

The City's total OPEB liability of \$7,887,206 was measured as of September 30, 2024, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the September actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Salary increases	3.5 percent
Discount Rate	4.06 percent (1.56 percent real rate of return plus 2.5 percent inflation)
Healthcare cost trend rates	For medical: 4.5 percent. For dental: 3.0 percent The retiree pays the full contribution rate for medical, vision and dental
Retirees' share of benefit-related costs	coverage. The City pays all retiree claims from a self-funded health plan.

The discount rate was based on S&P Municipal Bond 20 year high grade rate index.

Mortality rates were based on the RPH-2014 total table with projection MP-2021.

The actuarial assumptions used in the September 30, 2024 valuation were based on the results of an actuarial experience study for the period October 1, 2023 - September 30, 2024.

Amounts reported as deferred outflows of resources to OPEB will be recognized in pension expense as follows:

Year ended September 30:	
2025	424,769
2026	326,761
2027	152,517
2028	292,887
2029	355,951
2030+	71,190

NOTE M. DEFERRED COMPENSATION PLANS

Employees of the City may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457. There are two plans available to all eligible employees of the City. Under the plans, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

One plan is administered by the Employees' Retirement System of Alabama as fiduciary and the other plan is administered by Great West Retirement Services as fiduciary. Under the terms of an IRS Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts are held by the financial institution, until paid or made available to the employees or beneficiaries.

NOTE N. TAX ABATEMENTS

From time-to-time the City enters into economic development agreements to entice new businesses to locate in Foley or facilitate the expansion of existing businesses in order to create jobs, stimulate the economy and increase the tax base. These incentive agreements are authorized by Amendment 772 of the Constitution of Alabama and are normally for the abatement of property taxes for a set period of time or the abatement of sales and use tax on construction materials and equipment purchases. The City has not made any commitments as part of the agreements other than to reduce taxes. The City has chosen to disclose information about all of its tax abatement agreements individually.

Effective July 5, 2016, the City entered into a Tax Abatement Agreement with Foley Holdings LLC and its affiliates', granted under Chapter 9B Title 40 of the Code of Alabama 1975, as a tourism destination attraction project. The following taxes are abated for the project under the agreement: (1) all state and local noneducational property taxes (as defined), and (2) all construction-related transaction taxes (as defined), except those local construction-related transaction taxes levied for educational purposes or for capital improvements for education. In return, Foley Holdings LLC promises to build a new multi-year project as a tourism destination attraction, resulting in an increase in the sales and lodging tax base and an increase in available jobs. To meet the requirements of GASB Statement 77, the Baldwin County Probate Judge will provide the property taxes abated by the City each year. Although the agreement does not require Foley Holdings to submit reports of construction-related costs to the City of Foley, the Baldwin County Revenue Commissioner's Office has provided those amounts from the monthly educational tax returns and to the City. Below is a summary of taxes abated by the City's agreements:

Company	Abatement Began	1	FY 2024 -Valorem	Ad	Total I-Valorem	-	Y 2024 es & Use	S	Total ales & Use
Foley Holdings LLC	2017	\$	118,135	\$	632,449	\$	42,555	\$	2,324,851

The Industrial Development Board (IDB) grants abatements under Chapter 9B of Title 40 of the Code of Alabama 1975, for economic development projects within the City which benefit the City and its citizens by creating new jobs and increasing the property tax base. The following taxes are abated for projects under the IDB's agreements: (1) all state and local noneducational property taxes (as defined), and (2) all construction-related transaction taxes (as defined), except those local construction-related transaction taxes levied for educational purposes or for capital improvements for education. To meet the requirements of GASB Statement 77, the Baldwin County Probate Judge has provided the amount of property taxes abated by the City each year. Although the agreements do not require businesses to submit reports of construction-related costs to the City of Foley, the Baldwin County Revenue Commissioner's Office has provided those amounts from the monthly educational tax returns to the City. Below is a summary of taxes abated by the IDB:

Company	Abatement Began	FY 2024 Ad-Valorem	Total Ad-Valorem	FY 2024 Sales & Use	Total Sales & Use
Ascend	2019	4,119	20,044	-	-
Rohr, Inc (UTC)/Collins Aerospace)	2016	13,823	99,050	-	121,130
Totals abated by the IDB		\$ 17,942	\$ 119,094	\$ -	\$ 121,130

NOTE O. COMMITMENTS AND CONTINGENCIES

The City's Capital Projects Fund had various capital improvement projects in progress at September 30, 2024. In addition, the City has commitments and plans for additional major capital projects for the fiscal year September 30, 2025, and the cost of these projects is estimated by management to be approximately \$85.6 million. The City expects to receive partial funding of approximately \$39.8 million for these projects from third parties in the form of grants and joint participation reimbursements in 2025.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. City management believes such disallowances, if any, would not be material to the financial statements of the City.

NOTE P. ECONOMIC DEPENDENCY

The City's main revenue sources are derived primarily from sales tax on retail businesses, charges for services such as waste removal, and utility tax equivalents. The revenues are collected on a monthly basis.

NOTE Q. SUBSEQUENT EVENTS

The City has evaluated events and transactions that occurred between September 30, 2024, and February 10, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Notes to Schedule

Actuarially determined contributions rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported. Contributions for fiscal year 2024 were based on the September 30, 2021 actuarial valuation.

Methods and assumptions used to determine contribution rates for the period October 1, 2023 to September 30, 2024:

Actuarial cost method	Entry Age
Amortization method	Level percent closed
Remaining amortization period	18 years
Asset valuation method	Five year smoothed market
Inflation	2.50%
Salary increases	3.25 - 6.00%, including inflation
Investment rate of return	7.45%, net of pension plan investment expense, including inflation

* The amount of employer contributions related to normal and accrued liability components of employer rate net of any refunds or error service payments. The Schedule of Employer Contributions is based on the 12 month period of the underlying financial statements.

** Employer's covered payroll for each fiscal year is the total covered payroll for the 12 month period of the underlying financial statements.

City of Foley, Alabama NOTES TO REQUIRED SUPPLEMENTARY INFORMATION September 30, 2024

NOTE A - BUDGETS AND BUDGETARY ACCOUNTING

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. During the months of April June, Directors submit all budget request for the upcoming year. Discussions with the Mayor and City Administrator take place during these months to ensure that all goals and needs of the departments and the City are being met.
- 2. Finance then drafts budgets for the Funds, which include proposed expenditures and the means of financing them.
- 3. On or before September 1, a proposed budget is submitted by the Mayor to the City Council. Prior to October 1, the budgets are legally enacted through passage of a resolution.
- 4. The City Council may amend the budget through resolution as needed.
- 5. Budgets for the Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP) and in accordance with Alabama law.
- 6. With the exception of construction work in progress, appropriations lapse at the end of each fiscal year.
- 7. Capital project budgets are tracked on a multi-year planning document. This document is included in the annual budget; however, only the remaining budgets for the projects approved and in-progress are carried forward to the new year, and new projects may not begin until the City Council appropriates funding by formal action. There is no budget to actual schedule included for capital project funds since the budget is appropriated all at once and the expenses occurs over multiple years.

This Page Intentionally Left Blank

OTHER SUPPLEMENTARY INFORMATION

This Page Intentionally Left Blank

Non-major Governmental Funds

Special Revenue Funds are used to account for specific revenue sources that are restricted, committed, or assigned to expenditures for particular purposes

Fire Department Ad Valorem – A county-wide one and one-half mill ad valorem tax is assessed and equally distributed to qualifying county volunteer fire departments, municipal fire departments, and volunteer municipal fire departments. The proceeds are restricted to the acquisition of fire trucks, fire stations, fire equipment, communications, fire training, fire vehicle and station insurance and repair, oil, gas, hydrants, and utilities.

State Gasoline Tax – State-shared fuel taxes and Inspection Fees are received and their use is restricted by both constitutional and statutory limitations.

Library Fund – The primary revenues are State Grants which are restricted, donations from Citizens which are restricted, and fines and related revenues which are committed to library purposes and controlled by a Board elected by Council.

Court Corrections Fund – In accordance with State Law, Ordinance 524-96 establishes a special court fee upon conviction to be used exclusively for the operation and maintenance of the municipal court complex and includes such expenses as salaries, office machines, and repairs.

Jail Corrections Fund – In accordance with State Law, Ordinance 524-96 establishes a special court fee upon conviction to be used exclusively for the operation and maintenance of the municipal jail and includes such expenses as salaries, office machines, and repairs.

Recreational Activities Fund – Includes revenues and expenses that are a direct result of programs offered, as well as net operations of on premise concessions.

Event Center Operations Fund - Includes revenues and expenses that are direct result of the operations of the event center.

Multi-Use Fields Operations Fund - Includes revenues and expenses that are direct result of the operations of the multi-use fields.

Impact Fee Fund - Includes revenues and expenses that are direct result of impact fees collected in accordance with City Ordinance.

Public Facilities Cooperative District - Includes revenues and expenses that are direct results of the operations of the district.

Public Athletic & Sports Facilities Cooperative District - Includes revenues and expenses that are direct results of the operations of the district.

Public Cultural & Entertainment Facilities Cooperative District - Includes revenues and expenses that are direct results of the operations of the district.

Debt Service Funds are used to account for the accumulation of resources to be used for payment of principal and interest on general long-term debt.

STATISTICAL SECTION (UNAUDITED)

The following statistical tables, which are an integral part of the City of Foley's Annual Comprehensive Financial Report, offer detailed information to assist the reader in understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial well-being. In the event historical data was unavailable, the data is omitted and replaced with an asterisk (*).

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current level of outstanding debt and its ability to issue additional debt in the future.

Demographic and Economic Information

These schedules provide the reader with an understanding of the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services it provides and the activities it performs.

2015	1,112,243,887	5,998,110	14,315,191	41.90%

[1] Beginning 2016, the State of Alabama reports the information by fiscal year, net of fees, on a non-accrual basis. Years 2015 are reported on a calendar year.

[2] Fiscal year 2022 gross sales were lower than fiscal year 2021, but taxes collected were higher. This is due to a higher number of deductions allowed. The gross number presented is the economics revenue that comes through the city, not the gross sales that tax are paid from.

[1] In March 2017, the sales tax rate was increased to 3% effective until August 31, 2020. In September 2019, this temporary increase was extended until August 2030.

[2] In December 2016 a 3% local gas tax was established.

[3] Tax equivalent payments are made monthly to the City by Riviera Utilities based on a percentage of retained earnings of the previous year. Riveria Utilities provides water, sanitary sewer, electric, natural gas, cable television and internet services in the City and in other incorporated and unincorporated areas in Baldwin County, Alabama.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Mayor and Members of the City Council City of Foley, Alabama

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Foley, Alabama ("the City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 10, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements.

However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members of the City Council City of Foley, Alabama

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited City of Foley, Alabama ("the City")'s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the City's major federal program for the year ended September 30, 2024. The City's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2024.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material

noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF FOLEY, ALABAMA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2024

1. BASIS OF PRESENTATION

The information in the Schedule of Expenditures of Federal Awards (the schedule) is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Since the schedule presents only a select portion of the operations of the City of the Foley, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Foley.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule includes the federal grant activity of the City of Foley under programs of the federal government for the year ended September 30, 2024. Expenditures reported on the schedule are reported on the modified accrual basis of accounting. The City of Foley did not elect to utilize the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
